

Ohio South State Referee Committee

Assessor Creed

As an Ohio South Assessor, I promise:

To conduct my assessments in a professional manner;

To dress in appropriate, soccer-related clothing when I am assessing;

To discuss the assessment with only the referee crew with no conversation with coaches, parents or anyone else;

To recognize that I'm a role model for referees when working my own games and will dress professionally and use appropriate mechanics;

To refrain from criticizing other referees on the pitch or in the referee tent of tournaments;

To do my best encourage inexperienced officials to progress in their skills and game level;

To identify referees who have the skills and desire to progress to higher levels;

To provide feedback in a way that helps referees grow their skills and enthusiasm; and,

To give my full attention to the game that I am assessing.
